This list of participants have attended the Landscape Template Advisor Training and have indicated that they are available for hire. This is provided as an informational source only. Neither the order of the listings, nor the listing itself, implies any endorsement, recommendation or promotion of any particular individual or company, nor any guarantee of the workmanship or materials provided by the individual or company. It is the customer's sole responsibility to investigate the background and experience of the individual or company. California Law stipulates that work performed for \$500.00 or more for labor and materials must be accomplished by a licensed contractor.
